

# SPONSOR A TARC FEEDING CLINIC VISIT

## **\$350 = AVERAGE COST PER VISIT**

An individual receiving TARC's extensive feeding therapy services can expect 28 visits per year for 2-3 years. The total amount for services for one year averages \$10,000.

**Services are provided at NO COST to families.**

About TARC's Feeding Therapy Services:

- 50+ years of therapist experience serving individuals with feeding and swallowing disorders.
- Highly qualified experts in feeding & swallowing disorders.
- Treatment plans are designed to minimize missed classroom time and generalize skills across settings.
- Access to consultants with expertise in nutrition, physical therapy, occupational therapy, or psychology.
- Highly collaborative approach with local schools.
- Caregivers, school teachers, and therapists are welcome to attend sessions to support the child's participation in meals at home and school.
- Collaborative relationships with providers.
- Proud provider for North East Kansas with expertise targeting individuals with developmental, intellectual, and related disabilities.
